

## **Please Cooperate To Prevent Novel Coronavirus**

Minami Citizens Activity & Multicultural Lounge (Minami Lounge) is making efforts to prevent the spread of Novel Coronavirus and to create a safe environment for all visitors.

Our lounge is still continuing to promote proper sanitation and hygiene even after the state of emergency had lifted. We maintain the lounge clean with antiseptic solution and our staff wear masks as a precautionary measure.

We also would like the visitors to cooperate the following;

1. Please refrain from visiting the facility if you are experiencing symptoms (similar to Novel Coronavirus) such as **fever** or **feeling unwell**.
2. Please sanitize your hand and fingers with **hand sanitizer** before entering the facility.
3. Please **wear a mask** in the facility to prevent droplet infection.  
If you do not have a mask, Please use a handkerchief or a towel to cover your mouth when you cough or sneeze.
4. When you are using the rooms of the facility, the maximum number of the room will be **half than usual** to prevent Three Cs; closed spaces, crowded places and close-contact settings. To prevent the Three Cs, we have reduced the number of chairs and also replaced them. Please cooperate and maintain physical distance of 2m.
5. When using the room, please **ventilate** by opening the window and the door.
6. We will not lend out equipment which is hard to disinfect after use.  
※The equipment lent will be disinfected by the staff.
7. Meeting corner is not available for a while.

We will continue efforts to ensure the health and the safety of the facility and everyone.  
Thank you for your understanding and cooperation.
